CORVUS MADE IN EUROPE

CORVUS OFF-ROAD VEHICLES® is part of a registered trademark owned by CORVUS. All commercial and/or exploitation rights of the brand are reserved. CORVUS is constantly seeking new ways to improve the specifications, design, and quality of its utility vehicles, which is why continuous modifications are made. For this reason, the information in this catalog may have changed since the time of printing. CORVUS reserves the right to modify models, colors, and/or technical specifications without prior notice and without incurring any obligation. The driver of CORVUS vehicles must comply with all requirements demanded by current legislation regarding driving permits and the safety measures required for their proper use. Never perform stunts and avoid excessive speeds or sharp turns. Driving under the influence of alcohol or drugs is prohibited.

ONE OF A KIND

Terrain DX4s is the perfect example of a vehicle with intact off-road DNA, designed to overcome any challenge.
Its powerful 800cc Yanmar diesel engine and 4x4 system with differential lock give the Terrain DX4s unmatched power. A true compact and versatile all-terrain vehicle.

up to 3 Years Warranty

First European Manufacturer

DESIGN, DEVELOPMENT AND IN-HOUSE MANUFACTURING

In our quest for continuous improvement, we work every day to ensure our vehicles and after-sales services are the best.

"Terrain" stands for strength, endurance, and capability in any environment. We also offer a wide range of extras to perfectly suit your daily needs.

The Corvus Terrain is the perfect companion for your daily work: difficult journeys, continuous travel with a load, adverse weather conditions...
You can always count on your Terrain.

The Ideal Compact Size

The compact dimensions of the Terrain DX4s multiply the possibilities for using this UTV. Its perfect size allows access to trails that others can't.

A Cargo Box That Delivers

The Terrain DX4s's robustness and tilting steel rear cargo box make it easy to transport everything you need in your daily life. This spacious rear box has a load capacity of 250 kg, allowing you to efficiently transport your materials.

The Most Agile Work Vehicle

The size and features of the new Terrain DX4s make it an agile and easy-to-drive UTV, perfect for handling all types of roads. With a ground clearance of 242 mm and a turning radius of 2.99 m, the DX4s is capable of handling all kinds of terrain.

Incredible Cabin Comfort

One of this UTV's strong points is the cab's size ratio. In a nutshell, wide and spacious. Furthermore, its ergonomic and intuitive driving position offers workers surprising comfort and a pleasant driving experience, resulting in comfort throughout the workday.

Easy Maintenance

Maintaining the Terrain DX4s is as simple as the rest of the vehicles in the CORVUS family. Simply lifting the cargo bed gives access to the engine, filters, and CVT assembly.
