CORVUS TERRAIN DX4

    CORVUS-UTV.COM

CORVUS OFF-ROAD VEHICLES® is part of a registered trademark owned by CORVUS. We reserve all commercial rights and/or the right to exploit the brand. As CORVUS is constantly seeking new ways to improve the specifications, design and quality of its utility vehicles, ongoing modifications may take place. That is why the information in this catalogue may have changed since the time of printing. CORVUS reserves the right to modify models, colours, and/or technical specifications without notice and without incurring any obligation. Drivers of CORVUS vehicles must comply with all requirements demanded by current legislation in relation to driving licenses and security measures required for the proper use of such vehicles. Never perform acrobatics and avoid excessive speeds and abrupt turns. Never drive under the influence of alcohol or drugs.

YOU SET THE LIMITS

TOUGHNESS, DURABILITY AND AGILITY

The new TERRAIN Diesel has been conceived to work in any terrain and under any circumstances, letting you work to the best of your ability at all times. New equipment and customisation options allow you to adapt this versatile UTV to the way you work.

The TERRAIN is a heavy-duty vehicle, designed to transport people and materials in comfort. Its large and surprisingly spacious cab not only keeps you safe thanks to its **anti-roll bar**, but also provides panoramic, obstacle-free visibility.

ALL YOUR TOOLS, ALWAYS AT HAND

Keep your tools and documents close at hand and under lock and key with these 3 convenient compartments, located under the seats. And if you want to have as much storage capacity as possible, you can also install a simple luggage compartment under the front bonnet.

CAB COMFORT

The CAB CLIMA equipment is ideal for carrying out whatever task you're doing and for keeping you protected from the weather outside as you do it. Forget about rotten weather or heat and enjoy perfect temperature at any time of the year.

IMPROVED TURNING RADIUS

More agile driving. The new TERRAIN reduces the turning angle and is much more agile. Now you can turn more in less space.

EASY CHECK, EASY WORK

Lift the front bonnet to quickly access and check the brake, coolant and windscreen wiper fluids. Streamline maintenance tasks and focus on what really matters.

EASY ACCESS FOR MAINTENANCE

Quick and convenient access for any maintenance. Just raise the cargo box to access the engine assembly, the oil and air filters and the CVT belt.
