CORVUS CARE

up to 3 Years Warranty

CORVUS MADE IN EUROPE

CORVUS OFF-ROAD VEHICLES® is part of a registered trademark owned by CORVUS. All commercial and/or exploitation rights of the brand are reserved. CORVUS is constantly seeking new ways to improve the specifications, design, and quality of its utility vehicles, which is why continuous modifications are made. For this reason, the information in this catalog may have changed since the time of printing. CORVUS reserves the right to modify models, colors, and/or technical specifications without prior notice and without incurring any obligation. The driver of CORVUS vehicles must comply with all requirements demanded by current legislation regarding driving permits and the safety measures required for their proper use. Never perform stunts and avoid excessive speeds or sharp turns. Driving under the influence of alcohol or drugs is prohibited.

up to **3** Years Warranty

First European Manufacturer

DESIGN, DEVELOPMENT AND IN-HOUSE MANUFACTURING

In our quest for continuous improvement, we work every day to ensure our vehicles and after-sales services are the best.

"Terrain" stands for strength, endurance, and capability in any environment. We also offer a wide range of extras to perfectly suit your daily needs.

The Corvus Terrain is the perfect companion for your daily work: difficult journeys, continuous travel with a load, adverse weather conditions...
You can always count on your Terrain.

Heavy Duty Off-Road

The CORVUS Terrain is arguably the best professional UTV on the market thanks to its robust double-wishbone independent suspension and unbeatable chassis and traction system setup.

Improved Turning Radius

More agility in your movements. The new TERRAIN reduces the turning angle and improves mobility. Now it turns more in less space.

Easy Maintenance

Maintaining the Terrain is as simple as the rest of the vehicles in the CORVUS family. Simply lifting the cargo bed gives access to the engine, filters, and CVT assembly.

Comfort and safety in the cabin

The entire Terrain range has been designed to provide maximum safety and comfort in the cabin.
Its suspension, cabin ergonomics, and adjustable bench seat and three-point seat belts make for an unbeatable driving experience.
